When design and function come together... you get FUSION!

By SWAN

**Tight contacts — guaranteed!**
Superior tooth separation force through advanced engineering and material selection guarantees perfect contacts every time.

**Ideal anatomy!**
Soft-Face™ silicone ring tips with enhanced marginal ridge anatomy hug the pre-contoured dead-soft matrices to the tooth for flash free, perfectly contoured restorations.

**Simplified technique!**
Composi-Tight® 3D Fusion™ is packed with features like easy ring stacking, over-thethrow placement and Ultra-Grip™ anti-ring slip extensions that make system use intuitive and frustration free.
