FKG Dentaire: Advocating for more conservative and successful endodontic treatment

By FKG

Dubai, UAE: Cutting edge endo instruments and continuous investments in Research and Development has resulted in booming FKG Dentaire sales globally. Thinking of the box, willing to create a new pattern of conservative dentistry and focusing on the interests of both the patient and the dentist has led to the latest launch of a lifechanging endodontic file: XPendo Finisher.

In order to help practitioners optimise their skills and utilize these new technologies developed by its engineers and top endodontists, FKG Dentaire has set-up several Training Centers around the globe. The first one opened in Dubai (UAE) in 2015, as well as the one in Oslo (Norway) in partnership with Dr. Giuseppe Bebiani (Endo Inn), followed by La Chaux-de-Fonds (Switzerland) in 2016. The latest training center was inaugurated last year in Mexico (Tutores Dental). In 2016, following the success of the training center in Dubai and the desire to increase its teaching capacity, FKG Dentaire has decided to upgrade its Dubai Center. In addition to an increased number of work stations, partnerships have been established with other leading endodontic manufacturers like Global Microscope, B&K as well as several other world renowned dental companies.

The Dubai Center started its 2016 activities by receiving groups of dentists and endodontists from Greece and Poland trained by Dr Bartosz Cerkasi (Poland) and Dr Andreas Krokidis (Greece). Partnerships have been created with different continuing education organizations like CAPPMEA (UAE), Next Level Endodontics (Pr Martin Trope and University of Pennsylvania faculty (USA)) and others to organize specialized trainings to fit to the level of any dentist willing to push his/her knowledge and improve outcomes. The next date to save is the AEEDC (2-4 February 2016) held in Dubai. FKG Dentaire will have a major stand on the Swiss Pavilion (Booth N° 8E10) and has brought top endodontic lecturers to Dubai!

- On February 2nd, Pr Martin Trope will lecture on “Modern Endodontics: Theory to Practice” and will do a three hour Advanced Specialty Course.
- On February 3rd, Pr Martin Trope and Pr Roger Rebeziz will discuss in a joint lecture apical limit, apical enlargement, canal shape and obturation technics.
- On February 4th, Pr Roger Rebeziz will lecture on “Treating infected root canals and periradicular radiolucensections” and will do a three hour Advanced Specialty Course.

FKG Dubai Training Center opens to Eastern European and Greek clients

By Dental Tribune MEA/CAPPMEA

Dubai, UAE: FKG Dentaire was welcomed 50 Endodontists all the way from Poland and Greece for two days in Dubai. A combination between high level endo-training and leisure as the attendees were invited by Magdalena Uhlmann, FKG Area Sales Manager Eastern Europe, Balkans and Scandinavia together with distributors Multidental-Med (Poland) and Dental Expert (Greece).

The Swiss manufacturer is famous for the development and production of dental products for dentists, endodontists, and laboratories. Founded in from the heart of the watchmaking industry in Switzerland, FKG has a reputation for top quality products which includes various international certifications.

On 15th of January 2016, the regional MEA team led by Alexandre Mulhauser (Middle East, Africa and India Director) and Olivia Mulhauser (MEA and India Office Manager & Sales Assistant) hosted a group of 50 dental professionals from Poland and Greece who were invited to a FKG dedicated and tailor-made event organized by Magdalena Uhlmann as well as Multidental-Med and Dental Expert.

The program of the delegation included two speaker presentations by Dr. Andreas Krokidis who lectured as part I of the morning session on “I Race: From glide path to 3-D obturation in a predictable and safe way”, Dr. Bartosz Cerkasi, Poland lectured the second part of the morning session on “NiTi Sequences selection strategies for safe and precise root canal preparation and obturation”. The afternoon session followed, with a hands-on course on the iRace, BT-Race and TotalFIHR BC SealerTM provided by the expertise of both lecturers and clinicians, Dr. Bartosz Cerkasi and Dr. Andreas Krokidis.

Finally, Thursday 14th of January 2016, concluded the 2-day endo-training, with a yacht trip out into the waters, organized by the FKG team as a thank you for participation to the two groups and lecturers.
