## About 3DISC

Beginning our journey in 2010, 3DISC started off as a multi-disciplinary R&D team devoted to one mission: pioneering the digital dentistry landscape of tomorrow. After 8 years of intensive development, 3DISC introduced the innovative, fully digital Heron IOS solution to the market. Today, 3DISC is a privately-owned agile American manufacturer and global provider for IOS solutions, with Headquarters based in the United States and France. Our inter-

national team of diverse digital experts are committed to taking digital beyond by delivering relevant clinical benefits through inclusively digital solutions, specifically intraoral scanners. When dental clinics choose 3DISC, they can trust our commitment to the continuous innovation of our solutions that will help bring simplicity to their workday and empower doctors to provide the highest quality treatment to their patients.

# Heron™ IOS

THE BEAUTY OF SIMPLICITY

# Heron™ IOS

## Bringing beauty and simplicity to your workday

The Heron™ IOS is a digital 3D imaging solution design to bring simplicity to your work as a medical professional. For an all-inclusive price, the Heron™ IOS is presented as a turn-key solution that takes under 10 minutes to unbox and setup. The solution includes a pre-calibrated scanner, 3 autoclavable tips, and an optimized acquisition PC with HeronClinic™ software pre-installed to ensure you spend less time on installation and more time scanning. The HeronClinic™ software features an intuitive, user-friendly interface to make it easier than ever to meet all your restorative, orthodontic, and implant needs.

## COMPACT, ERGONOMICALLY DESIGNED SCANNER

One of the most ergonomic and easy to use scanners on the market, the Heron weighs in at 150 grams with a compact, streamlined design for more efficient scanning and increased patient comfort...

### The Heron™ IOS Solution Workflow

**Case Creation**  
Create and manage the order in just a few steps.

**Scanning**  
A fast intuitive process performed by the dentist or the dental assistant.

**Case Sharing**  
HeronCloud is an easy to use file sharing module for sharing of the digital impression with your lab of choice.

**Lab & CAD Integration**  
The software is an open system, compatible with all open dental CAD systems.
